

*"We are very happy with the new programming and live stream.
The feedback has been very positive from the rollout..."*

- Jeffrey Jablow, Cheeburger Cheeburger

BACKGROUND MUSIC DESIGNED FOR YOUR BUSINESS

io4business is a unique Internet streaming service designed specifically for businesses. With io4business, you'll always enjoy crystal clear, always appropriate background music. And best of all utilizes your existing internet connection, no need for antennas or satellite dishes.

Our expert music programmers constantly update the business music programs we offer. The feel and sound is uniquely "the sound of your business". All content is always appropriate for all audiences, with no DJ interruptions, promos or IDs.

LIVE STREAMING DELIVERED VIA OUR STATE-OF-THE-ART MEDIA PLAYER

- » Low bandwidth, high-quality stereo audio
- » Flash memory, with no moving parts
- » Extremely simple, plug-and-play installation
- » Choose and control your own day parting to play specific music during different times of the day
- » No contracts required
- » All necessary licensing fees included for ASCAP, BMI, SESAC and SOCAN
- » Compact media player connects to the Internet, no need for antennas or satellite dishes

ECO-FRIENDLY SYSTEM

- » Consumes only 4 watts (compared to 200 watts)
- » Control on/off based on your store hours to conserve energy
