

# AFFORDABLE DIGITAL MEDIA SOLUTIONS

AUDIO · VIDEO · MESSAGING

## THE “TURNKEY” ADVANTAGE

TurnKey Media Solutions is a leading provider of audio, video, and messaging services for businesses throughout the United States. We combine quality products and services with great customer support to create a unique and stress free experience for our customers. With over 20 years experience in the digital media industry our staff and partners are ready and willing to take your business to the next level. Our goal is simple; offer the best service at the lowest possible price. TurnKey Media has partnered with some of the largest and well known equipment manufacturers in the industry such as Crown, PASO, JBL, Polk Audio, AudioVox, SONY, and more. We are a national retailer and installer of DISH Network video service and authorized reseller for both XM Satellite Radio and Sirius Satellite Radio Music for Business service. Plus we now offer the latest technology of digitally streamed music service via the internet. We also provide installation services of all our equipment throughout the United States.

## AUDIO

### XM SATELLITE RADIO & STREAMING MUSIC SERVICES

Whether it is background music, creating the perfect ambiance, or entertaining your clients with heart pounding rhythms; we have the perfect solution for your business. We offer the latest in audio with XM Satellite Radio, Sirius Satellite Radio & io4business streaming music service. Get 100% digital quality channels of the latest in music, news, sports, weather, entertainment, and more with packages starting at \$29.95 per month.

## VIDEO

### DISH NETWORK BUSINESS TV SERVICE

Give your customers the best in digital quality video service with our DISH Network business television services. We offer comprehensive and affordable solutions for your business or multiple dwelling properties. We offer service throughout the United States including site surveys, system engineering, installation and support. Let us work with you to find the best programming package to fit your needs.

## MESSAGING

### CUSTOMIZED ON-HOLD & IN-STORE MESSAGING

We have partnered with a leading producer of scripting and recording services to create the perfect branding and message for your business. All of our messaging systems come with a designated copywriter who will create and manage your custom messages. Our staff will work with you to develop the best fit voice and messaging strategy that will help maximize your customers in-store experience.

## NATIONWIDE INSTALLATION

Take the work out of getting great music service in your business with our professional installation services. We have over 8000 trained technicians and installers nationwide that are licensed and insured covering every zip code in the United States. Our technicians will come to your business and install all necessary equipment plus train a member of your staff on the proper use of your new equipment. We offer installation services for all our products and services.
